Glass Vegas's acclaimed *World Series of Glass* (WSOG) competition is unlike any other in our industry. Allowing artists the freedom to create a piece that truly represents them without the limitations of time or pressure gives our competition a unique edge. Artists are free to enter a piece that showcases their talents that they either created years ago or in the days leading up to the show. Our competition highlights the best of the best and gives all artists, from those just starting out to well-known veterans, an even playing field to be recognized in our vastly evolving industry. It gives artisans from far and wide the chance to market themselves and their art in an opportunity-rich environment. The WSOG gallery is a showstopper and catches the eye of everyone on the Glass Vegas show floor. With the winners being showcased in publications and on our website/social media pages, their wins are set in stone and seen in all their glory by thousands!

The recognition is by far not the only advantage to competing in our juried WSOG competition; you can win several phenomenal prize packages including cash, torches, kilns, tools, and more! We have four placements for each category: First, Second, Third, and People's Choice. To guarantee unbiased competition, we make sure our judges are professionals who represent all spectrums of our colorful industry. Each first-place winner of our 5 categories—Solo, Collab, Mille, Pendant, and Drinking Vessels—also wins a complimentary booth and hotel room for the next Glass Vegas. We are excited to announce a new category at the WSOG for the 2024 show, Non-Functional Glass! It is one of the many highlights of the show, seeing who gets to take home a trophy and title of winner of the *World Series of Glass*.

The love we have extends beyond our artists to include our amazing buyers, smoke shops, and glass galleries. They will also have the opportunity to walk away as a winner by being awarded the title of Smoke Shop of the Year (SSOTY)! Not only will they have the notoriety of being named one of the best, but they will also get to have three of the winners from our WSOG competition flown out to their shop to perform live demos at a huge party thrown by Glass Vegas to celebrate their victory! This brings endless advertising for the shop/gallery throughout the year and for years to come. The live demo artists can be chosen from any winners in our WSOG history along with a visual artist to create the artistic visions at the party. We will also have a DJ spinning music to set the vibe and food to fuel the fire and keep the party going. The SSOTY award is a treasured accomplishment, with the winner of the title going down in history as one of the greatest smoke shops in the industry.

As our industry fluctuates, our desire is that our bond and businesses will grow even stronger. Glass Vegas 7 was one for the books! We listened to our community and their needs so that we can make an even better show that our industry deserves. That is why we are truly excited to announce that we are embarking on a new venture with Total Product Expo (TPE) 2024 as strategic alliance partners! Total Product Expo is a highly anticipated and prestigious trade show that brings together manufacturers, distributors, retailers, and consumers under one roof. TPE provides a unique opportunity for businesses to exhibit their latest offerings, connect with thousands of buyers, network with industry profes-

sionals, and capture sales to start the year off strong. There will be two separate shows at the Las Vegas Convention Center, TPE and Glass Vegas, with overlapping dates and buyers with similar product demands. This partnership brings thousands of potential new buyers and exhibitors together for one epic event. Attendees get access to both shows with either badge! Our shows will remain very much our own, but there will be no walls between us.
